Flight Crew Leasing

Aviation Personnel Consulting

Interim Supply

Crew Leasing

Contractair focuses on the supply of flight deck, cabin crew and training staff to supplement an airline's own operations, including:

- **Fleet Expansion & Replacement**
- **Conversion Training**
- **Seasonal Operations**
- **Periods of Market Change Where Extra Flexibility is Required**
- **Ferry Flight Crew**

Our flight crews are all qualified, experienced and current on the aircraft that you need thus minimising costs. We are able to provide crew at short notice and position them anywhere in the world as required.

Our expertise in subcontracting crew provides:

- Offshore Options to Minimise Costs
- Extensive Track Record in Flight Crew and MRO Personnel Payroll
- Experience in Handling Large Scale and Diverse Projects
- Full Client Operational Control over Crew
- Minimal Administration Hassle

Aviation Personnel Consulting

Using our extensive contact base we are able to offer valuable advice on:

- Type Ratings and Training Issues
- Crew Outsourcing
- Cross Border Licensing Issues and Foreign Validation
- Availability of Crew from Overseas Carriers
- Initial Testing, Screening and Psychometric Evaluation

Interim Supply

An interim license allows Contractair to supply personnel as a UK based company and to operate within the legal framework of another European country whilst at all times adhering to EU legislation. Contractair is one of the few agencies to hold labour licenses in Germany, Switzerland and Belgium.

Contractair Ltd is one of the World's Leading Established Flight-Crew Leasing Companies.

Specialising in contract and permanent flight deck and cabin crew placements, training solutions, flight operations support and ferry & positioning flight services.

Working together with airline companies worldwide both for commercial and VIP operators.

Contractair is part of an aviation group that includes Resource Group, Resource Consulting and Lufthansa Resource Technical Training.

Contractair Ltd is an accredited Investor in People (IIP) company and an accredited ISO 9001 company.

Our Values:

- ***Industry Expertise***
- ***Quality***
- ***Honesty & Integrity***
- ***Transparency***
- ***Compliance***

- Base Training With Your Own Aircraft or Through One of Our Client Companies
- Revalidation and Renewal of Expired Type Ratings
- Full TRI/SFI Courses
- Specialised Courses: ETOPS, NAT/NAM, Low Visibility Operations
- CRM/Human Factors Courses
- Aviation English Proficiency Testing

Highly Qualified Instructors

Our professional team of highly qualified Instructors/Examiners JAA/ICAO are ready at short notice to fill your training gaps.

All our instructors and examiners have over 2000 hours of training experience on a wide range of aircraft types including:

- A320
- A330
- A340
- B737 Classic
- B737 NG
- B747 (All Series)
- B777
- Embraer E-Jet Series
- And other types upon request

All TRI/TRE's are JAA or ICAO approved and have worldwide experience. We offer competitive prices and guarantee immediate availability of our training staff for short or long periods.

In this highly competitive and market driven sector, flexibility and speed are of utmost importance.

Training of instructors and staff is time consuming and costly. This is why our customers use Contractair Training Services.
